Let's Start!

Let's find out about Dali and his surrealist influences!

Learning Outcome

Identify and describe issues relating to money, in written and spoken situations according to work and social contexts.

Ask your partner:

- If you bought a new house, what type of art would you hang on the walls?
- Who would you list as the greatest artists ever produced by your country?

Can Do Statements

- I can talk about fame and work.
- I can talk about what is being done or what has been done.
- I can speculate about the past.

Let's Explore!

An **inside look*** at **outsider**** art.

* An "inside look" is an in-depth description given by an expert.

** An "outsider" is someone who does not belong to the mainstream.

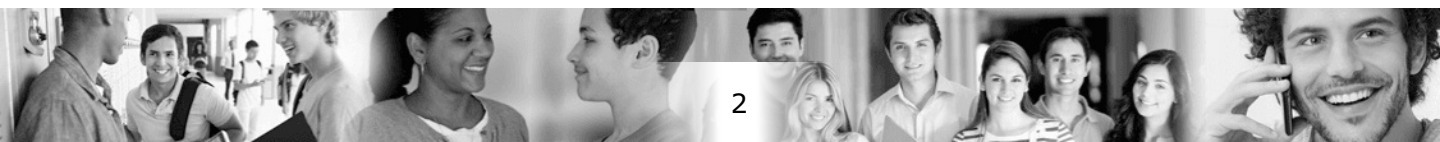

Instructions: Read the text aloud.

In the early 1920s, a young Salvador Dali met a group of unconventional artists called the Surrealists. These painters, sculptors, and filmmakers took their inspiration from the human mind. In their art, reality is not being represented accurately. Instead it is being interpreted in a very personal and subjective manner. This absence of structure must have appealed greatly to Dali, who quickly became one of the best-known members of the group. Without the surrealist influence, Dali might never have risen to prominence.

Dali's paintings have been exhibited all over the world. His pictures were famous for their grotesque images and strange combinations of objects. At the time, such images may have been quite a shock to the public.

Dali had an extravagant personality and he loved publicity. He was known for his paintings as well as for his bizarre clothing and long, curly moustache. In truth, his unique appearance could have actually contributed to his popularity. Dali continued his artistic work until the end of his life in 1989.

Dali's works have been coveted by art aficionados for years. His avant-garde style and larger-than-life personality still intrigue people today. As a result his works are constantly being bought up by curators and connoisseurs, not to mention amateur aficionados. Buyer beware, though. Copies are being produced by counterfeiters daily. Some fakes have even been spotted with authentic signatures. As always, imitation is the best form of flattery!

Let's Practice!

What's being done in surrealist art?

Instructions: Proofread the sentence. Underline the incorrect word. Rewrite the sentences correctly. Use capital letters where necessary.

1. In their art, reality is not be represented accurately.
2. Instead, it is being interpret in a very personal and subjective manner.
3. Dali's paintings has been exhibited all over the world.
4. Dali's works are been coveted by art aficionados for years.
5. Some fakes have even to be spotted with authentic signatures.

Let's Practice!

Let's find words we use to talk about fame and work.

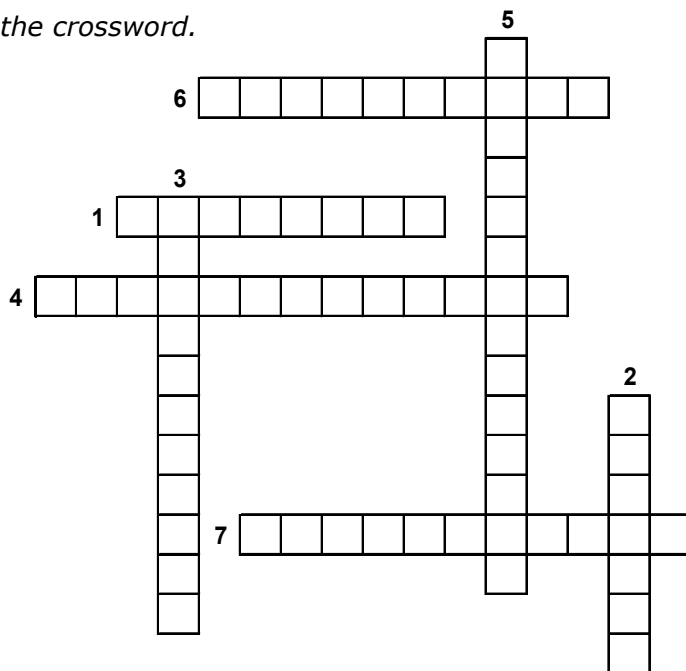

Instructions: Read the clues to complete the crossword.

Down

2. A person who is in charge of a museum or library
3. A person who is passionate and knowledgeable about a particular subject (such as music or wine)
5. Different from what is usual or normal

Across

1. A person who forms representations out of materials such as wood or clay
4. A person who makes illegal copies of things
6. The state of being well known
7. Extreme and unreasonable

Extension Activity

Use the Internet to find a picture by Salvador Dali, and come up with a list of descriptive adjectives to talk about it.

Instructions: Complete the following steps. Fill in the Self-Assessment.

- Search online for a work created by Salvador Dali.
- Print or take a picture of the image.
- Come up with a list of 5 adjectives that the image evokes.
- Write a sentence using each adjective in order to create an interpretation of the picture of Salvador Dali.
- Present your theory to a partner.

Self-Assessment

Yes No

I describe an image or picture using adjectives.

☐ ☐

I create sentences based around keywords.

☐ ☐

I speculate on the interpretation of a work of art.

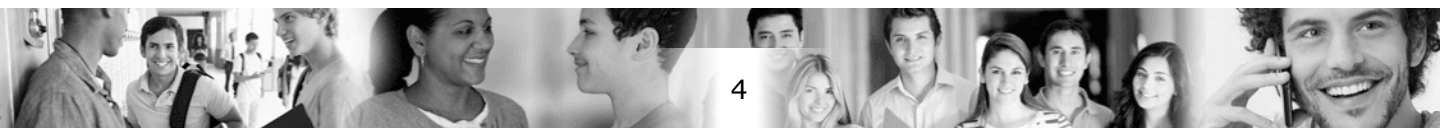

☐ ☐

I share my thoughts with a partner.

☐ ☐

Target Words

- surrealist** (noun): an artist that depicts unusual or impossible things
e.g. In the early 1920s, a young Salvador Dali met a group of artists called the Surrealists.
- sculptor** (noun): a person who forms representations out of materials such as wood or clay
e.g. These painters and sculptors took their inspiration from the human mind.
- filmmaker** (noun): a person who is in charge of making a movie
e.g. The filmmaker liked to show the bizarre side of the city.
- curator** (noun): a person who is in charge of a museum or library
e.g. The curator displayed the works in the museum.
- connoisseur** (noun): a person who is passionate and knowledgeable about a particular subject (such as music or wine)
e.g. His works are constantly being bought up by connoisseurs.
- counterfeiter** (noun): a person who makes illegal copies of things
e.g. Copies are being produced by counterfeiters daily.
- unconventional** (adjective): different from what is usual or normal
e.g. The Surrealists were a group of unconventional artists.
- prominence** (noun): the state of being well known
e.g. Without the surrealist influence, Dali might never have risen to prominence.
- extravagant** (adjective): extreme and unreasonable
e.g. Dali had an extravagant personality and he loved publicity.
- larger-than-life** (adjective): more exciting, interesting or famous than most people
e.g. His avant-garde style and larger-than-life personality still intrigue people today.

Learning Points

The Passive: The Present Continuous and Present Perfect Tenses

You use the Present Continuous to talk about an action that is happening at the time of speaking. The action or event is in progress.

People **are interpreting** surrealism in a very personal and subjective manner.

You use the Present Perfect to talk about a finished action or event with present consequences. There is a connection between what happened in the past and the present.

Museums **have exhibited** Dali's paintings around the world.

You often choose the passive form when you want to talk about an action but are not so interested in saying who or what does/did it. Passives without *agents* (the doers) are common in biographies.

Look at the chart below for the structure of the passive voice.

Name	Structure	Example
Present Continuous	am/are/is + being + past participle	<i>In their art, reality is not being represented accurately.</i>
Present Perfect	have/has + been + past participle	<i>Dali's works have been coveted by art aficionados for years.</i>

Examples:

- *Dali's works have been coveted by art aficionados for years. His avant-garde style and larger-than-life personality still intrigue people today.*
- *As a result his works are constantly being bought up by curators and connoisseurs, not to mention amateur aficionados.*
- *Buyer beware, though. Copies are being produced by counterfeiters daily. Some fakes have even been spotted with authentic signatures.*
- *In their art, reality is not being represented accurately. Instead it is being interpreted in a very personal and subjective manner.*

Learning Points

Speculation About the Past

You can use modals to talk about degrees of certainty and speculate about things in the past.

You use them to describe what is definite, probable, possible, or impossible from the speaker's point of view.

You can use *must*, *may*, *might*, and *could* to describe degrees of certainty.

You can use modals with the Present Perfect to talk about the possibility of a past event that is not clear in the present context.

Example:

*Without the surrealist influence, Dali **might never have risen** to prominence.*

Look at the chart for the meanings of modals when speculating about the past:

Modal Phrase	Meaning
Must have	It is very likely.
May have Might have Could have	It is possible.

- *May have* has a slightly stronger meaning than *might have* or *could have*.
- You can add **not** to make a negative speculation (*It **may not have been** true*).

Examples:

- *This absence of structure **must have** appealed greatly to Dali, who quickly became one of the best-known members of the group.*
- *Without the surrealist influence, Dali **might never have** risen to prominence.*
- *At the time, such images **may have** been quite a shock to the public.*
- *In truth, his unique appearance **could have** actually contributed to his popularity.*
